WAYFINDING IN DOWNTOWN

Selbert Perkins Design (SPD) is proposing to provide planning and design services for the design and development of a Master Plan that enhances the DTLA experience through research, programming, revenue generation pro-forma, and a signage and wayfinding "kit-of-parts". Their goal will be to assess both pedestrian and vehicular circulation patterns, existing signage and wayfinding system/elements, and to develop a new, comprehensive Master Plan that reflects the powerful identity, vibrant culture, and exciting future of DTLA. Join CCA to hear about these efforts and give your feedback about the project.

Special Guest: Tricia Converse, Selbert Perkins Design

PLAYWORKS

Building tomorrow's citizens through safe, fun, and healthy play at school every day: Playworks is the leading nonprofit in our community leveraging the power of play before, during, and after school to transform children's physical and emotional health. Hear about their mission and efforts to bring their practice to Downtown LA.

Special Guest: LaVal Brewer, PlayWorks

METRO CHARTER ELEMENTARY

With parent-founded and DTLA-based Metro Charter Elementary School already 5 years into operation, come hear about the school's plan for growth based on demographic projections for the area. As part of the presentation, you'll hear about the growing population of children in DTLA, the exciting plans for potential new campuses, and how you can get involved with the school.
